

Animal Care Conference

Friday, March 19th, 2021 (10 AM – 3 PM)

For our second annual conference, animal care providers and environmental educators at local nature centers and wildlife rehabilitation centers are invited to remotely meet with fellow exotic and wild animal care experts to meet and learn about best practices in regards to exotic animal care. Presentations will range from discussions on how to prevent common medical issues to how we can ensure that our animal care methods provide opportunities for enrichment and healthy living for these amazing creatures.

With this remote and unique opportunity, participants will return to their organizations with a greater understanding of the needs of the whole animal so that they can continue to thrive.

The Stamford Museum & Nature Center is pleased to welcome speakers from the Beardsley Zoo, South Wilton Veterinary Group, Grove Street Veterinary, Roaring Brook Nature Center, and the CT Department of Energy and Environmental Protection

Please register online using the link
<https://25364.blackbaudhosting.com/25364/Exotic-Animal-Care-Conference> Inquiries and more information can be found by reaching out to Kendall Musgrave at kmusgrave@stamfordmuseum.org

Price for attendance is \$10 per person. Organizations only pay \$25 if they have more than 3 people attending. Please register online through by Wednesday, March 17

Stamford Museum & Nature Center
39 Scofieldtown Rd. Stamford, CT 06903
